

# BONALDO

## Duffy

Designer: **Mario Mazzer**

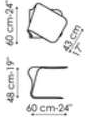

As the transformation of a sinuous and well-balanced shape into an elegant structural element, Duffy's lines evolve in space with lightness and graphic value and are enhanced by a colour choice, expressed in four understated and refined shades. Practical and versatile, thanks to a pure aesthetic and the dynamic relationships between full and empty as well as its small size, Duffy is a coffee table of great simplicity, which

fits with ease in environments with various levels of style. More than just a simple piece of furniture, the Duffy design coffee table for the living room is a harmonious and expressive complement that is similar to a sculpture, unquestionably contemporary and innovative even in terms of the high-density lacquered polyurethane material which it is made of.
